MANUFACTURING COMPANIES

- Refractory Plant
- Polyurethane Plant

CEO MESSAGE

Eng.Khalid Al-Munaiser

Dear customers, employees and partners,
I am proud to be a member of Quality & Excellence Co. Ltd (Q&E), witnessing the continuous growth of the company. We have great plans for more growth during the years to come, thanks to dedicated staff, a fleet of equipment and strong determination to be one the fastest growing contractors In the Arabian Gulf region.

Our work force is our greatest asset and we are committed to their continuous improvement and welfare. We are also an integral part of our local communities and we are proud to be delivering sustainable projects for the welfare of the living in our communities. While we are focusing on our core business in Petrochemical, Oil & Gas, Engineering construction, we are diversifying our construction activities into energy and environmental industries through partnering with strategic international partners.

Q&E remains committed to contributing to the national and regional economy, to raising corporate value based on creative ideas, and sharing the fruits of such efforts with clients and shareholders.

VISION & MISSION

Our Vision

To be one of the leading General Contractors in MENA providing industrial services to the oil & gas, mining & water and Energy Generation Industries.

Our Mission

Q&E mission is to provide value-added construction and industrial services; offered in environmental compliance, safety, quality and best in class manner ensuring our human resources are competent; challenges in motivation and innovation a positive work environment.

Q&E always seek to exceed our customer satisfaction and stakeholder interest. Pursue investment opportunities in our core and new innovative business.

OUR CORE VALUES

- **Environment, safety & quality:** We in Q&E continuously improve our approach to safety, quality and environment in all aspects of our business exceeding our client's expectation.
- **Integrity:** We are open, honest and reliable in everything we do seeking to achieve the highest levels of professionalism with our clients and each other
- **Accountability:** We trust our employees and encourage leadership, initiative & innovation, eliminate failure and ensure accountability within the scope of their role
- **Respect:** We treat all people inside and outside the organization with dignity and respect
- **Teamwork:** We share experiences, enhance knowledge, encourage ideas and foster greater communication, interaction and unity of purpose.
- **Community:** We establish rapport, between us and our community, as well as care, for the well-being of our employees and their families.

OUR SERVICES

WE ENGINEER, PROCURE & CONSTRUCT

Projects Services

1. Electrical & Instrumentation

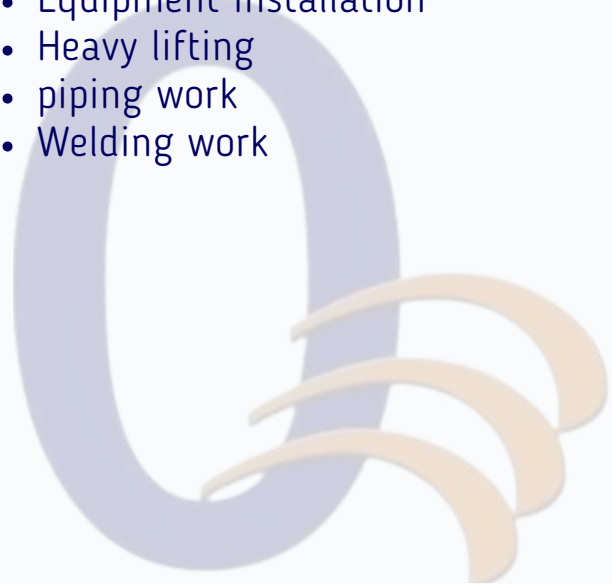

- Electrical works: installation for 380kV/132kV/115kV/110kV GIS, 69/33/13.8 kV SWGRs, control panels, protection panels, SAS panels, TRAFOS, MDB, ACDB, DCDB, cable trays, HV/MV/LV cable pulling/terminations, capacitor bank, iso phase bus duct, fire alarm, firefighting, fire system FM 200, HVAC ... etc.).
- Instrumentation work like (CCTV installation, sensors installations, RTUs installations, SCADA system installation, FIBER OPTIC installation).
- Replacement and retrofitting projects electrical installation.

2. Civil Works

- Infrastructure works (Site preparation, Excavation, fence, trenching for cables & pipes, office cabinets....etc)
- Rehabilitation & Demolition works
- Concrete repair work
- Industrial building (Steel & Concrete)
- Power Station (construction, cables tunnels, gantries steel)
- Housing buildings
- Roads

3. Mechanical & Piping

- Equipment installation
- Heavy lifting
- piping work
- Welding work

OUR SERVICES

WE ENGINEER, PROCURE & CONSTRUCT

Industrial Support Services

1. Electrical & Instrumentation

- Power Quality
- Calibration, Testing & Commission
- Installation of Equipment
- SWGR, MCC, UPS & BS Systems
- Electrical Maintenance Work
- Switch Rack & Control Panel
- Fire Alarm & Fire Protection
- Instrumentation
- Cable Trays & Pulling

2. Mechanical & Piping

- Maintenance
- Overhauling
- Underground Piping
- Piping Modification
- Fabrication & Erection
- Steel Structure Work
- Fixed & Rotating Equipment

3. HVAC

- Duct Fabrication
- Duct Installation
- Insulation
- Testing of HVAC
- Maintenance of HVAC

4. Shutdown & Turnaround

- Electrical Work
- Mechanical Work
- Cold Box Repair
- Chemical Cleaning

IN LINE WITH VISION 2030

Digital transformation is a key pillar of Saudi Arabia's Vision 2030, and by definition, can be relevant to the transformation of organization, processes, and systems digitally. Saudi Arabia is seeking to be a global leader in the application of technology related to AI.

AI is central to the Saudi Vision 2030 reform plan. With careful foresight, it will significantly transform government services in smart cities. Neom is an example of innovation integrated into city infrastructure, enabling autonomous vehicles, smart buildings and new mobile services that will improve the lives of Saudis.

SAFETY FIRST

Q&E considered all of the above several years ago when we crafted our safety awareness program at the Quality & Excellence Company.

Our first goal was to make the program applicable to the company's specific activities.

Q&E commitment to provide training to all managers, supervisors, workers, and contractor, subcontractor, and temporary agency workers on:

- Safety and health policies, goals, and procedures
- Functions of the safety and health program
- Whom to contact with questions or concerns about the program (including contact information)
- How to report hazards, injuries, illnesses, and close calls/near misses
- What to do in an emergency
- The employer's responsibilities under the program
- Workers' rights under the Occupational Safety and Health Act
